- 5) Press 4 for Instruction Menu Messages
- 6) Enter the mailbox number, IE, 001, 002, 003, 004
- 7) Press 7 to record and #(pound) when finished.

## **To Activate Schedule Override Greeting (Emergency Greeting):**

*Schedule Override is used primarily as an 'Emergency' greeting. Instead of rerecording the day and night greetings to indicate that you'll be closed due to weather, company meeting, etc, you can activate the Schedule Override greeting and then simply turn it off when normal office hours resume.*

Access System Administrators mailbox  
Enter in security code  
Dial (72) for System Administration  
Dial (6) for Schedule Override  
Enter the Table number, 01  
Dial (6) to turn Schedule Override On/Off
